

Commercial, Oman

Highlights of our experience:

Ametek

- On the drafting and negotiations of an agency agreement for the appointment of an agent for the distribution of products throughout Oman.

BP

- In relation to the consideration of an in-house change to the company's IT Infrastructure across various jurisdictions (including Oman).

An international mining company

- On the licensing and regulatory regime for mining activities in the north of Oman, including notification obligations and removal of licensee options under Omani mining law.

One of the largest global beverage companies

- In relation to their agency agreement and issues surrounding exclusivity and termination.

Abraj Energy Services SAOC

- In relation to its bidding arrangements for the acquisition of an international drilling contract located outside of the Middle East.

Barka Heavy Industries LLC

- In relation to acquisition and licensing of specialized manufacturing equipment into the Sultanate of Oman from Korea.

An international military vehicle manufacturing company

- In relation to an exclusive supply and ongoing maintenance contract, including the creation of a maintenance centre in Oman.

The investment arm of the government of the Emirate of Ras-Al-Khaimah

- In relation to several shopping mall development projects in the Democratic Republic of Congo, including a detailed pre-sale assessment and due diligence exercise, followed by the negotiation and sale of the businesses to a Kenyan real-estate developer.
