Energy, Oman

Highlights of our experience:

Abraj Energy Services SAOC

- In relation to a complex EPC contract written in French for oil and gas exploration infrastructure in Algeria.

BP

- In a deal with TAQA in respect of the disposal of a package of oil & gas assets for a consideration in excess of \$1 billion.

Oman Oil Company (Exploration and Production)

- In the establishment and management of a number of subsidiaries as special purpose vehicles, in Oman and also offshore.

The Electricity Regulatory Authority of the Kingdom of Saudi Arabia

- On the establishment of a restructured electricity system, including drafting primary legislation to regulate the electricity sector and to provide: consumer protection; quality of service standards; independent generation; separation of transmission, distribution and supply from generation; and powers to the regulator and the Government.

The Non-Operator Participant

- In connection with the negotiation of a strategic buy-in to the Khazzan Field tight gas project operated by BP Oman.

The Operator

- In connection with a number of engineering construction disputes with the Operator's EPC contractors.

The Electricity and Water Authority of the Kingdom of Bahrain, the Authority for Electricity Regulation of the Sultanate of Oman, the UAE Regulation and Supervision Bureau, the Ministry of Electricity and Water of Kuwait, Qatar General Electricity and Water Corporation and the Electricity Regulatory Authority of the Kingdom of Saudi Arabia

- On the licensing issues relating to the GCCIA interconnector project spanning all GCC states.
