Helping you grow in Slovenia

Starting, and building, a successful business takes a good idea, energy and determination plus the right opportunities and the right people.

Working with start-ups excites us here at CMS Slovenia. We are driven by the same force as start-ups: enthusiasm, curiosity and by desire to make a meaningful change. Regardless the sector, be it agriculture, ecommerce, life sciences, technology, etc., we strive to help and support entrepreneurs with bright ideas that will significantly impact our future on their business path.

As an early-stage business, legal advice may be pushed to the bottom of the priority list, not least due to the issue of cost. However, for a business to scale successfully, especially when investors are involved, having the right foundations is imperative. We help navigate the often complex legal and regulatory framework, ensuring that every legal angle is covered.

Who are we?

- A leading law firm with a strong sector focus in technology, media and telecommunications, life sciences & healthcare Working with some of the biggest names in tech, life sciences and other sectors as well as up and coming disruptors.
- Strong track record advising start-ups on their successful launch and growth.

And here we can lend you a hand.
