

# Our English Law qualified Finance Lawyers

We have a dedicated group of English qualified solicitors who regularly advise on English law governed financing and corporate transactions involving parties or assets located in Austria, Serbia, Bosnia and Herzegovina and Croatia. Our lawyers draft and review loan and security documentation, assist in structuring transactions, issue legal opinions and provide general English law advice. We work with documentation that is based on models prepared by industry organisations, such as the Loan Market Association (LMA) and the International Swaps and Derivatives Association (ISDA), but also draft tailor-made agreements. Our clients include banks, institutional and financial investors, corporates, DFIs, law firms, guarantee funds, credit insurers, national and international development bodies and institutions and governments and public authorities.
