

Employment & Pensions Litigation Practice

We guide your business at every stage: prevention, negotiation and litigation

Labor relations are fundamental to the development and stability of any business. At **CMS Rodríguez-Azuelo**, we understand that legal management is not limited to reacting to conflicts, but also to providing comprehensive support, from prevention to resolution.

Our integrated approach: we advise on risk **prevention**, assist in **strategic negotiations** and, if necessary, provide **expert defense** in employment and social security disputes.

With a specialized team, we work to ensure that every legal decision contributes to the **growth and stability** of your business.

Why choose us?

360° approach to employment relations: From consultancy to social security, we identify risks and develop strategies to minimize disputes before they arise.

Strategic support: We provide tailor-made solutions for negotiations, arbitrations and employment transactions.

Expert litigation defense: We represent companies in labor, social security and guardianship litigation with detailed analysis and tailored strategies.

Technical excellence and multidisciplinary experience: We have a team that specializes in highly complex litigation, including extraordinary appeals to the Supreme Court.

Business acumen: Beyond litigation, we help strengthen employment practices to prevent future risks and protect your business in the long term.

We are ready to advise you on how to strengthen your company's employment protection and anticipate any eventuality.
