

# Commercial Contracts, UK

Highlights of our experience:

## **An innovative social networking site**

- A range of commercial contracts, including celebrity endorsement contracts and intellectual property licences.

## **A multinational vehicle manufacturer**

- Distribution, agency and dealer agreements for the sale of vehicles and other goods.

## **A gas distribution company**

- Its agreement for the provision of nationwide logistics facilities and services.

## **A national energy supplier**

- The procurement of a number of new ICT systems critical for energy transmission around the UK.

## **A leading global manufacturer of electronics**

- UK standard terms and conditions for sale.

## **One of the world's largest internet retailers**

- Its terms and conditions for UK prize draws and global competitions, its terms of sale and its website terms.

## **A globally renowned manufacturer of power tools**

- A web-site development, hosting and email marketing services agreement.

## **An energy company**

- Contracts for the management of its entire commercial estate of properties.

## **An international consumer goods business**

- Master agreements and project specific call off agreements within a supplier framework ecosystem.

## **A leading retailer**

- Its terms and conditions for international purchases of clothing and other goods, including provisions regarding sustainability, fair trade and modern slavery.
