

Health and Safety eLearning

Build a safe and healthy workplace culture

Course overview

Designed to give staff a practical understanding of workplace health and safety, this course explains key employer duties and employee responsibilities under UK law. Learners explore common hazards, risk controls, emergency procedures and the role everyone plays in maintaining a safe and healthy workplace.

Audience

This course is suitable for all staff within an organisation.

Objectives

By the end of this course, learners will be able to:

- Understand the key duties of employers under the Health and Safety at Work Act 1974 and the Management of Health and Safety at Work Regulations 1999
- Equip your workforce with the essential knowledge to recognise hazards, reduce workplace risks, and support a culture of safety. Through practical examples, this course helps employees understand their responsibilities and make safer decisions at work
- Recognise common workplace hazards and understand how risks are assessed and controlled
- Describe the key elements of emergency procedures and the importance of ongoing safety training

Features
