

# Intellectual Property, Poland

Highlights of our experience:

## Cooper Standard

- On review of client's key IP assets across Europe including know-how and patent legal review, advising on patent/trademark licensing scheme and coordination of critical patent disputes across Europe and US with client's competitors.

## HP Inc.

- With respect to a country-wide project aimed against importers, distributors and sellers of patent infringing ink cartridges. The project covered negotiating several out-of-court settlements and litigating before a Polish court against key players on the market.

## Representing Syngenta

- In two court disputes with an importer of counterfeited plant protection products. Coordinating all customs IP enforcement operations in Poland.
