CMS NewsFlash: "CMS in 6th place in Mergermarket M&A deals "

CMS ranks 6th in the Mergermarket preliminary results for January to September 2008. We have moved up one place, from 7th to 6th, compared to 2007.

The ranking is based on deal volume. So far this year, CMS has acted on 108 completed deals.

This is great example of how collaboration across CMS makes a difference to our positioning in the market. Well done to all those who worked on our deals.
