

## Manufacturing, Czech Republic

Highlights of our experience:

### **Advent International**

- On the acquisition of 100% of the shares in TES Vsetin and MezServis, a leading European manufacturer of tailor-made power generators and components used in the production of hydro, wind and non-renewable energy generation.

### **Littlejohn**

- On the acquisition of a Czech company designing and manufacturing highly engineered and complex sealing systems for the automotive industry.

### **Grammar A G (a listed Germany based automotive components company)**

- On the Czech aspects of the acquisition of Nectec Automotive, a company engaged in manufacturing seating technique and passive protection in automobiles.
