

Commercial, Hungary

Highlights of our experience:

GE

- On day-to-day business, such as general commercial law, contract drafting, review and assistance in supply contracts, data protection and IP matters. Advised in several countries on consumer protection issues related to competitors' packaging.

Magyar Telekom

- On a full range of matters, including commercial contracts and marketing agreements, media and ECS regulatory matters, media regulatory related disputes and authority procedures as well as retail / GTC revisions.

British American Tobacco

- On general commercial issues and the review of GTCs and supply agreements.

Samsung Electronics Hungary

- On all corporate and commercial issues for over 26 years, including general commercial matters (such as supply agreements with wholesalers, sponsorship agreements, cooperation agreements, service agreements, car lease agreements), competition, compliance, consumer protection, employment, regulatory and public procurement issues.

Microsoft

- On all commercial issues, including general commercial and data protection matters.
