

# Whistleblowing

## Course overview

This course has been prepared to help employees understand what whistleblowing is and how whistleblowers are protected. Upon successfully completing the course, employees should feel able to raise concerns about suspected wrongdoing or malpractice at an early stage to challenge poor practice and behaviour.

## Learning objectives

By the end of this course, learners will have a better understanding of:

- What whistleblowing is
- How to report whistleblowing concerns; and
- How whistleblowers are protected.

## Audience

Suitable for all employees working directly for an organisation excluding third parties or consultants. For financial services firms and listed companies, additional content may be required.

### Features:

- Customisable content to suit your organisation
- Interactive examples and real-world scenarios
- Multiple choice quiz questions.

**Duration:** 10 minutes

**Language:** English

### Publish formats:

- LMS: SCORM 1.2 / 2004 / AICC
- Web / HTML
- PDF (for offline)
- Compatible on mobile devices.
