CMS Hasche Sigle advises BayTech Venture Capital on Cleantech investment in inge watertechnologies AG

Munich – BayTech Venture Capital is a new investor in inge watertechnologies AG, Greifenberg, following completion of a round of financing totalling 5 million euros. Led by BayTech, this round also comprised longstanding inge investors Taprogge Watertech GmbH, Emerald Cleantech Fund I LP, Sustainable Performance Group N.V., Siemens Venture Capital GmbH, StoneFund N.V. and Entrepreneurs Fund LP.

A team from CMS Hasche Sigle led by Stefan-Ulrich Müller advised BayTech on all aspects of this Cleantech investment.

BayTech Venture Capital is a leading European venture capital company which provides finance to young technology, environmental and medical technology firms in Western Europe in the form of start-up and growth capital. By taking a stake in inge watertechnologies, BayTech is entering the expanding global market for water treatment with its exciting future potential.

Based in Greifenberg, Bavaria, inge watertechnologies AG is the world's leading provider of ultrafiltration technology, a membrane process used to treat drinking water, process water, wastewater and sea water. The technology was developed in-house and is patent-

CMS Hasche Sigle is one of the leading commercial law firms. More than 600 lawyers serve their clients in nine major German commercial centres as well as in Belgrade, Brussels, Moscow and Shanghai. CMS is the organisation of independent European law and tax firms of choice for organisations based in, or looking to move into, Europe. protected. The extremely small-pore filters of the Multibore membrane intercept not only particles, but also microorganisms such as bacteria and viruses. They thereby provide a dependable source of clean water as core components of water treatment plants. The company offers its customers a comprehensive portfolio of products, ranging from the membrane itself to a variety of different modules and a modular rack design.
