## **CMS advises automotive supplier Schlemmer on launch of global website and recruitment portal**

Leipzig – International automotive supplier Schlemmer has published a new global website, together with its own worldwide recruitment portal.

An international CMS team headed by Dr Heralt Hug and Stefan Schreiber advised Schlemmer on all legal aspects of the project. US law firm Andrews Kurth Kenyon LLP was also involved as fellow member of the World Law Group. The instruction included advising on the duty to provide certain legal information, privacy policies, terms of use and matters relating to image rights, as well as data protection aspects of attracting a pool of job applicants.

Schlemmer Holding GmbH is a global technology expert that focuses on the development and production of highly specialised plastic and metal solutions. In addition to the long-established Automotive business unit, the Schlemmer Group operates in a number of other sectors through its Industry business unit. The group has some 3,000 employees across more than 60 locations worldwide. In the 2016 financial year it generated consolidated net sales of EUR 298 million.
